1. Hardware and Software Requirements: To be able to use our Internet Banking you must provide your own personal computer with Internet access. The Bank's Internet Banking can be accessed through a basic web browser like Microsoft Internet Explorer or Netscape Navigator. (See Security above for encryption requirements.) You are and will remain solely responsible for the purchase, hook-up, installation, loading, operation, and maintenance your own personal computer and for all related costs. You are solely responsible for scanning the Hardware and the Software for computer viruses and other related problems before you use them.

2. The Accounts: You agree to use Internet Banking solely for the services described in this Agreement. You may designate multiple accounts in conjunction with your Internet Banking access, however, no accounts that require 2 or more signatures for withdrawal may have transfer privileges through Internet Banking. You may add any account for which you, or all of you if more than one, are depositor, borrower, authorized signer, or authorized user by notifying the Bank or by visiting any Bank branch office. If you close or delete all accounts designated for Internet Banking, you will no longer be able to use the Bank's Internet Banking service.

3. ID and PIN; Confidentiality of PIN: All Wells Bank Internet Banking transactions or inquiries must be initiated by use of your Wells Bank Internet Banking Identification (ID) and personal identification number (PIN). We will assign you an ID and PIN after we have accepted your Application. The first time you sign on to the Bank's Internet Banking, you will be required to select a new PIN. It is recommended that you change your PIN every 180 days. It is recommended that you do not use your social security number, birthdays, names, or other codes that may be easy for others to determine as your PIN. No Bank employee will ever ask for your PIN, nor should you provide it to anyone unless you intend to allow that person access to your accounts. **YOU AGREE TO KEEP YOUR PIN CONFIDENTIAL. USE OF THE PIN BY YOU OR BY ANY OTHER PERSON WITH YOUR AUTHORIZATION WILL BE CONSIDERED THE SAME AS YOUR WRITTEN SIGNATURE AUTHORIZING US TO COMPLETE ANY TRANSACTION OR REQUEST COMMUNICATED THROUGH WELLS BANK INTERNET BANKING.**

If you authorize another person to use your PIN, that person can use the Bank's Internet Banking to view any information or initiate any transaction on any of the accounts to the same extent as you, including viewing information or initiating transactions on accounts to which that person does not otherwise have access. As such, your sharing of your PIN is strongly discouraged by the Bank, and done at your own risk.

If a third party should gain access to your PIN, you alone are responsible for changing the PIN so as to deny the third party's access to your banking information. Given the electronic nature of these transactions, the Bank shall have no liability to you in the event a third party should gain access to your PIN through no fault of the Bank. You should always exit the Bank's Internet Banking system after you finish viewing your accounts. Never leave your computer unattended while accessing Internet Banking. If you do, a third party may be able to access your accounts from your terminal, without ever needing to use your PIN.

6. Transfers to and from Accounts: Internet Banking transfers between accounts are considered 'electronic funds transfers' as defined in Regulation E. Some accounts may have transfer limitations, as described in the account disclosure provided to you at the time the account was opened. Any limitations that apply to your account(s) regarding deposits, transfers and withdrawals also apply through Internet Banking. You may use the Bank's Internet Banking to initiate electronic fund transfers from deposit accounts (checking or savings) to other deposit accounts or loan accounts. Transfers may not be made from loan accounts or time accounts (certificates of deposit).

A. Limitations. Your ability to initiate bank transfers between accounts may be limited by federal law or by the terms of your agreement with us as described on each account's disclosure statement you received when that account was opened. You may obtain a new disclosure statement by contacting our Bank. Bank transfers from deposit accounts that are savings or money market deposit accounts are limited as required by federal regulation to no more than 6 preauthorized transfers in any specified period. The specified period for savings is the calendar month and money market accounts is the statement cycle. Internet Banking transfers are considered preauthorized transfers and must comply with the 6 per month limitation. Your account must have sufficient funds in order for transfers to be completed. You cannot post-date a transfer.

B. Time of bank transfers, posting. If you initiate a bank transfer of available funds on or before 6 p.m. Central Time on a business day, the bank transfer will be posted on the same business day. If you initiate a bank transfer later than 6 p.m. Central Time on a business day, the bank transfer will be posted on the next business day.

7. Account Information: You may use the Bank's Internet Banking to receive, download, and store or print information regarding an account that is routinely set forth in the statement for the Account, debits and credits made to the account, amounts and item numbers for items drawn on the account (if applicable), and the daily account balance (including interest credited to a Deposit Account and finance charges accrued on a Credit Account). Because the information made available to you is 'posted data', it may not include transactions that have not yet been posted to your account for that business day. You will still receive your usual periodic printed statement of account. 8. Electronic Mail Service: You may use the Bank's Internet Banking to send electronic mail ("e-mail") to us. The e-mail service may not be used to make bank transfers between accounts. E-mail transmitted by you to us via Internet Banking may not be delivered to us immediately. If you need to contact us immediately to report an unauthorized use of your PIN, to report unauthorized access to an account, or for any other reason, you should call us at 816-858-2121. We will not be responsible for acting on or responding to any e-mail request made through Wells Bank Internet Banking until we actually receive your e-mail message and have a reasonable opportunity to act. You should check your

e-mail regularly; we will attempt to notify you by e-mail in the event of any technical difficulties or other occurrence that may affect your use of Internet Banking.

9. Additional Service: We may, from time to time, make additional services available through Wells Bank Internet Banking. We will notify you of the availability and terms of these new services. By using these additional services when they become available, you agree to be bound by this Agreement and any additional instructions, procedures and terms provided to you with respect to each of these new services.

10. Bill Payment Service: One of the additional services offered by Wells Bank is bill payment through Internet Banking. This service is optional and not included in the basic Internet Banking service. The Bill Payment Service agreement is made up of the provisions of this disclosure as well as those instructions that are found on the Bill Payment Service site. When using this additional service, you agree to be bound by all of the provisions contained herein and at the Internet Banking Bill Payment Service website.

A. To Enroll In the Bill Payment Service: You can request access to Wells Bank's Internet Banking Bill Payment Service by either mailing a request for information to us at the address listed in Section 15, by sending us a message using internet banking or by enrolling in person at our office.

B. Getting Started with the Bill Payment Service: In order to pay bills online, you will need to first set up an account to use the service with under the "Add Account" tab in the Bill Pay Section. You must then set up your bills by either choosing from the database of vendors (Payees) that already exists, or by entering the necessary information to schedule a payment. We must have a US Postal address to process all payments. We will not accept payments scheduled for federal, state or local tax agencies or payments to settle securities transactions. Otherwise, there is no restriction on whom you can pay or how many Payees you can establish. The Bill Payment service will allow you to see a history of all the payments made from your accounts.

When you schedule a bill payment, you authorize Wells Bank to either withdraw the funds from your account on the date you schedule the payment to be initiated or place a hold on the funds in your account sufficient to cover the bills that have been scheduled and are the process of being paid so that the payment will be received by your Payee on time. If you schedule a payment to be made after the cut-off time and/or if the scheduled payment day falls on a holiday or non-business day, the bill payment will normally be charged to your account on the business day preceding the holiday or non-business day, as long as there are funds in your account. Bills that are in process will be debited from the available balance of your account. You will be able to withdraw up to the system's remaining available balance as long as your account shows sufficient funds to cover your scheduled payments and any other pending debits you may have on your account.

If a payment that you have scheduled for processing is declined due to insufficient or uncollected funds, it will automatically be rescheduled for the next business day, or any later business day and debited when there are sufficient funds available to make the payment, or until you cancel or reschedule it. If this should occur, you will be notified at the e-mail address you have provided the Bill Payment Service.

C. Scheduling Bill Payments: Payments can be entered as a one-time or recurring transaction. Payments may be scheduled for the current business day or any date in the future at any time of day, but they will only be processed twice a day at the cut-off times of 12-noon and 2 a.m. (CST). If you attempt to schedule a payment for that day after the cut-off time, the system will change the date of the next cut-off time. Anything scheduled on a non-business day, or after the cut-off time will not be sent out until the following business day.

Payments that you make through the Bill Payment Service will be paid electronically or by a check drawn off of your account. In general, the system will attempt to tell you when you can expect the payment to be received by the payee. Since we must forward the funds and billing information to the Payee, some lead time is needed for your payments. Payments made electronically are generally received and credited by your Payees within three (3) business days. Electronic payments are typically sent to Payees who are already listed as vendors of the Bill Payment system. Payments made by

check are generally received and credited by your Payees within five (5) to seven (7) business days. Checks are typically sent to those vendors who you have inputted into the Bill Payment system.

Our Bill Payment Service assumes your Payees will promptly process the payment on the business day it is received. Any delays caused by the Payee would result in additional days before the payment would show on their records and are not the responsibility of Wells Bank.

If a check must be sent to your Payee, you should make sure to schedule the payment to be processed at least five (5) business days prior to the due date to ensure it is received on time. If the payment is to be sent electronically, you should make sure to schedule the payment to be processed at least three (3) business days prior to the date it is due.

BY USING THIS SERVICE, YOU AUTHORIZE WELLS BANK, AND ANY THIRD-PARTY PAYMENT PROCESSING AGENT WE MAY USE, TO CHOOSE WHATEVER METHOD WE FEEL IS THE MOST EFFECTIVE METHOD TO PROCESS YOUR TRANSACTION. THE TIME FRAMES PROVIDED FOR WITHIN THIS DISCLOSURE ARE NOT GUARANTEES AND THE BANK ASSUMES NO LIABILITY FOR PAYMENTS THAT ARE NOT RECEIVED WITHIN THE TIME FRAMES DESCRIBED, UNLESS THE DELAY IS STRICTLY DUE TO THE BANK'S ACTIONS.

D. Canceling or Changing Bill Payments/Transfers: You can not cancel an electronic payment which is described as being "in process." In some circumstances, you may be able to stop the payment of a bill that is to be paid with a paper check that is described as being "in process." You must notify Wells Bank as soon as possible so that we have sufficient time to attempt to stop that payment.

To stop a payment to be paid by check, call us at:816-858-2121. See the Wells Bank Schedule of Fees for the fee that may be assessed against your account for each stop payment placed by you.

If the payment you wish to stop is a payment that is "pending" or not "in process," you can use the procedures below to reverse a payment request:

1. Log in to your Bill Payment Option and make edits to pending payments or transfers by following the instructions provided there.

11. Fees and Charges: In consideration of our making Internet Banking services available to you, you agree to pay, and you authorize us to automatically debit to the applicable account for the following fees (as set forth in the bank's Schedule of Fees, a copy of which you acknowledge has been provided to you, and the terms of which is incorporated herein as set forth in their entirety): Access to Wells Bank website is furnished at no charge to the customer. This includes viewing your accounts, current transactions, viewing a range of transactions between dates, transferring funds from one account to another and viewing previous statements. For customers entering stop payments, a fee (based on the bank's Schedule of Fees) will be automatically assessed from the account the stop payment order is being placed on. This fee will be assessed on the same business date that the transaction is processed. Stop payments are in effect for six months from the date entered. Stop payment fees may change from time to time and notification of these fee changes will be provided through the Bank. The Schedule of Fees will be provided to each customer 30 days in advance of fee changes.

You will be solely responsible for all tariffs, duties, or taxes imposed by any government or governmental agency in connection with any transfer made pursuant to this Agreement and for all telephone charges, Internet access service charges, tools tariffs, and other costs for online sessions initiated by you. There may be other costs and charges associated with your accounts, such as overdraft charges. Please refer to the Schedule of Fees for details.

12. Errors and Adjustments: We agree to correct any error made in crediting or debiting any account by making the appropriate adjustment to your account balance. You agree to repay promptly any amount credited to your account in error, and you authorize us to initiate a debit transfer to any account to obtain payment of any erroneous credit. If you become aware of any errors on your accounts, notify the Bank immediately by calling 816-858-2121 or writing to the Bank at P.O. Box
